

# Israel is at war!

The threats on all fronts are now tangible, stronger, and clearer than they have ever been before.

At Bnai Zion Medical Center, we have transitioned to an emergency hospital, We are committed to making the optimal operation of our secure and protected facilities.

Our fortified Emergency Department and Hospitalization complex, designed to withstand missile & chemical threats, commenced operations since October 9th, on unfortunate timing, but as a crucial asset. Its purpose is to serve the residents of Haifa and the the Northern Region.

both during periods of peace and emergencies. Spanning 3500 sq. meters across two floors, it houses a secure emergency department and hospitalization facility dedicated to delivering state of the art medical care to all those in need.

While we proudly maintain the most secure facility in the region, we are currently face a shortage of permanent medical equipment for our protected hospitalization department.

Acquiring this equipment would eliminate the necessity of relocating resources from various departments during and under missiles attacks.

## The essential medical equipment we require at this time encompasses:

Equipment	Price Per Unit	Amount Required	Total
Electric Beds	\$3,000	100	\$300,000
Emergency Trauma Supplies	\$250	500	\$125,000
Pharmacy Supplies	\$500	5	\$25,000
Patient's Bed Monitor	\$15,200	30	\$456,000
Defibrillator	\$11,500	2	\$23,000
Level 1 Under Pressure Blod Device	\$4,000	5	\$20,000
Wheelchair	\$210	130	\$27,300
Diatreme	\$12,000	2	\$24,000
Ultrasound Device	\$36,000	3	\$108,000
ECG	\$4,300	10	\$43,000
Generators & Ventilator	\$13,500	4	\$54,000
Anesthesia Machine	\$71,000	4	\$284,000

These are critical days for the people of Israel and the residents of the north. Given the ongoing war, your support and assistance at this time are immensely valuable and greatly appreciated.

May we be blessed with peaceful and secure days, and may our nation remain protected.
